

The 24th Congress of the International Commission for Optics

Date: 21 (Mon.) - 25 (Fri.) August, 2017

Venue: Keio Plaza Hotel, Tokyo

ICO-24 The most important scientific and technical meeting on
optics and photonics around the world

Plenary Speakers

2014 Nobel Laureate in Physics

Hiroshi Amano

(Nagoya Univ., Japan)
"New era of LEDs"

2015 Nobel Laureate in Physics

Takaaki Kajita

(Univ. of Tokyo, Japan)
"30 years of neutrino
researches in Kamioka"

Christopher Dainty

(Univ. College London,
UK)

"Fundamental limits of
mobile phone cameras"

Anne L'Huillier

(Lund Univ., Sweden)
"From extreme nonlinear
optics to ultrafast
atomic physics"

James G. Fujimoto

(Massachusetts Institute
of Technology, USA)
"Optical coherence
tomography and
biomedical imaging"

Paper Deadline : 3 March, 2017

Conference Chairs

- ☐ General Chair : Y. Arakawa (Univ. of Tokyo)
- ☐ Program Committee Chair : S. Kawata (Osaka Univ.)
- ☐ Steering Committee Chair : T. Baba (Yokohama National Univ.)
- ☐ Fundraising Committee Chair : T. Yatagai (Utsunomiya Univ.)

Sponsors

- International Commission for Optics
- Science Council of Japan

Secretariat - ICO24 ✉: ico-24@or.knt.co.jp
